

The Perfect Fit for their First Swings.

INTRODUCING THE PARAMUS PGA JR. LEAGUE 9U AGE DIVISION

THEIR OWN SPACE TO GROW

Creating a dedicated space for younger players to learn allows for coaching, pace and yardages to align with the developmental needs of younger athletes. It's a fun, comfortable environment where kids are free to be kids while they become golfers.

THE SCIENCE OF PLAY

The principles of the 9u division are rooted in the American Development Model (ADM), a research-backed approach to youth sports and athlete development. It represents a commitment to developing fundamental movement and character skills that translate across all sports, all while building a culture that emphasizes connection with peers and the game of golf.

THE 9U PHILOSOPHY

Developmentally Appropriate
Fun First, Always
Flexible and Adaptable
PGA Professional led
